REIGN OF TERBOR AMONG NEGROES. Their Churches Raided by White Men

and Congregations Dispersed. LIVE OAK, Fla., July 22.-Rev. D. W. Gillislee reports a reign of terror among | Beats the Vigilant by a Larger Margin the negroes of Lafayette and Taylor counties. He says their churches are being raided by white men, congregations dispersed and pastors driven away. Rev. Gillislee is presiding elder of Live Oak district of the Florida conference of the A. M. E. church. The counties mentioned are in this district and he recently returned from an attempt to fill his appointments. According to his story, he was roughly treated. He says he was preaching in Lafayette county to a large congregation when a crowd of armed white men came into the church and stationed themselves near the pulpit. The leader asked Gillislee: "How long do you expect to remain in this county and live?"

Then the whites began to shoot and Gillislee and the congregation ran out in a panic. Gillislee went to Bramford, 10 miles distant, in Suance county. He next went to Taylor county, which adjoins Lafayette county on the west, but was again driven out. While preaching at night, he says, about 20 white men came in and stationed themselves about the pulpit. He was greatly frightened, but kept on preaching. Finally the mob shot out the lights. Gillislee and the negroes ran out, many being trampled upon. The mob so far appear to have shot no one, their object seeming to be to scare the negroes. Gillislee says the negroes were frightened nearly to death and are leaving rapidly, many deserting their property. The preacher seems unnerved by his experience and will never go to Lafayette or Taylor counties again. He has a good reputation. Lafayette and Taylor counties are where so many negroes have been lynched for outraging white women. In Lafayette there has been over a dozen lynchings in the last few months, and there is no question that the reported assaults on women has em bittered the whites against the negroes.

CHICAGO, July 22.—Mrs. Rossaelle Bigboge, wife of a Pullman workman, was fatally shot in the presence of her family today by Gigonella Calineonea, a brickyard foreman, who immediately afterwards blew out his own brains and Defender. fell dead upon the body of his victim. The shooting resulted from a quarrel over a few a few dollars which Mrs. Bigdoge's husband owed Calineonea. The latter called at the woman's house and asked if she could pay him. She answered that she could not get the money at once and Calineonea, drawing a revolver and pushing the children aside, cried dramatically: "Then you will have to die." A son sprang to the aid of the mother but before he reached her the intruder sent two shots into her body, and placing the muzzle of his weapon between his teeth drove a bullet through his head.

Storms In Kentucky and Ohio, CINCINNATI, July 22.-Reports from different parts of Ohio and Kentucky report severe storms last night. These storms seemed to visit certain sections, while adjacent districts are as dry as ever. Other points report cone-shaped bursts like the one near Zanesvilles, which killed Mrs. Wilsen and George Desolm in the camp meeting. At Howard's Mill, near Mount Sterling, Ky., Green Garrett was struck by a cloudburst while riding along the highway. He and his horse were killed. Throughout the Ohio valley today the heat is in-

New Champion and the Old Sail a Thirty Mile Race Over the Triangular Course Of Sandy Hook and Defender Leads the Vigilant,

New York, July 22 .- Today's conditions for yachting are much more favorable than were conditions prevailing Saturday. At Sandy Hook at 8 o'clock the breeze was 14 miles an hour. The Vigilant, after having her center board cleaned by a diver as she lay at anchor yesterday, was off the Sandy Hook bright and early, her crew trying her sails in breezes. The Defender, which also had been overhauled for the correction of defects made apparent in Saturday's race, was later in going down the bay. Having hoisted her anchor at Bay Ridge she was towed to open water.

The signal was given from the judges' boat that the course would be a triangular one, starting from the Scotland lightship buoy southeast for 10 miles well out to sea, then an equal distance west southwest, which would bring the turning stakeboat of the second leg nearly abreast of Long Branch. The last leg and home run was announced to be 10 miles north half east.

At 11:24:30 the Defender swept over the starting line and the Vigilant, chasing her eagerly, made her formal start 40 seconds behind the leader.

At 1:02 the Defender rounded the turning point at the end of the first 10 miles. Two minutes and 18 seconds later the Vigilant came around the stakeboat.

At 2:50 the Defender had rounded the second mark. At 2:57 the Vigilant!

The Defender wins; time 3:44:20. Timed from a fixed mark on shore, the Vigilant was nine minutes behind the

EX-CONSUL WALLER'S CASE. Negotiations With the French Governmen In a Most Unsatisfactory Shape.

WASHINGTON, July 22.-The negotiations with the French government respecting the case of ex-United States Consul Waller, who is now under confinement in a French jail at Marseilles, are in a most unsatisfactory shape, and this, too, in spite of the best efforts of the department, executed through Ambassador Eustis, to secure justice for Waller. It is becoming evident that if anything is to be accomplished, it will be only by the display of a much more de-termined stand than has yet been assumed by our government. Letters received from the prisoner show that he is still a sick man, suffering from congestive chills and much weakened and debilitated from his confinement and the change in climate.

Great pressure was brought to bear on the state department to induce it to secure justice for Waller and many prominent men have interested themselves in the case, the two senators from Kansas, of which state Waller is a citizen, have been particularly energetic, and Senator Martin has called in person at the state department to urge prompt action.

The department, some time ago, instructed Mr. Eustis, our ambassador at Paris, to make a thorough investigation of Waller's case, to see him and procure a copy of the record of the court martial showing the evidence on which Waller suffered the extraordinarily severe sentence of confinement for 20 years. The ambassador has not been very successful in executing his instructions, though it COMMERCIAL COLLEGE appears that he has done all in his power to carry them out. For one thing the French government has absolutely refused the ambassabor the right to see Waller personally, a very extraordinary | We will give a thorough and complete attitude to assume where the rights of an American citizen are concerned.

"Whenever I see a tree in the embrace of a poison ivy, I take my knife and cut the vine. On the grounds of a few friends and on my own I have cut vines from 11/2 to 21/2 inches thick, sometimes at the root and sometimes as far up as I could reach, and then tearing down the stems have uprooted them with my hands. I have done this at all seasons, and when my hands were torn by blackberry thorns, but I never had a trace of poisoning. A friend to whom I mentioned my immunity said, 'Of course you are not poisoned, because you are dark.' Since then I have been thinking that in the cases of poisoning which had come to my knowledge the victims had been light haired. A younger brother of mine, who is very fair, has been se-verely poisoned."
